

HOSHIZAKI

IM-45WPE-F

Cuber, Self Contained

Production Capacity (kg/24h) - AT 10°C, WT 10°C: 50

Storage bin capacity: 18 kg

ICE TYPE: Large cubes, Standard

Cube Size: **L-STANDARD**
Weight: 23 g

ACCESSORIES INCLUDED

Installation kit, Legs, Scoop

OPTIONAL EXTRAS

4HC-H water filtration, UV-C sanitization kit

CORRESPONDING WATER FILTERS

4HC-H Single Water Filter, 4HC Replacement Cartridge

PRODUCT SERIES: CUBE ICEMAKERS

ITEM NUMBER: M111-D102

COUNTRY OF ORIGIN: UK

Hoshizaki IM-45WPE-F FlexiCube model is a self-contained water cooled ice maker with internal drain pump producing up to 50 kg of cube ice per 24 hours.

Hoshizaki recommends that the water-cooled condenser should be connected to a closed circuit recirculating type cooling system utilizing a tower, water chiller or similar. Water make up should be via a ball valve/break tank arrangement. Whilst connecting a water-cooled condenser to a mains water (potable) supply will not affect the performance of the machine, it will most certainly cause high water use and waste of a valuable resource that is not recommended. It is likely that the connection of such units to the mains water supply may be a contravention of local water authority by-laws.

Ice cube dimensions and weight - disclaimer: The drawing is for illustration purposes only. Cube size and weight may differ due to local installation conditions.

- Ice production per cycle: 0.71 kg / 30 pcs
- Ice making system with an automatic rinse cycle
- Each ice cycle is made with fresh water
- Closed Cell System helps produce compact, hard and geometrically perfect ice
- Closed water circuit for contamination protection
- Easy external access to control panel
- Internal drain pump
- UV-C sanitization function is retrofittable by a qualified engineer
- System comes with a magnetic DC water pump for internal ice production with variable speed and that has no direct coupling, which prevents any leakage
- Removable door gasket
- Easily removable water pan assembly

WARRANTY PERIOD

3 Years on Parts & Labour - based on country agreement

EXTERIOR

Stainless steel AISI 441, Galvanized steel (Rear)

Refrigerant type: R290 / Refrigerant: 0.09 kg / CO2 equivalent: 0.27 kg

OPERATING CONDITIONS

Ambient temperature (minimum): 1 °C, Ambient temperature (maximum): 40 °C, Water supply pressure (minimum): 0.07MPa (0.7bar), Water supply pressure (maximum): 0.8MPa (8bar), Water supply temperature (minimum): 5 °C, Water supply temperature (maximum): 35 °C, Voltage range (Rated Voltage): ±6%
